Pontiac G6 P1174 Full Trim Cylinder Balance

2006 Pontiac G6, 2.4, 125k I have done a little research and wanted to see if anyone had any suggestions or further knowledge. This code makes my CEL come on for a day or so and then go off.

P0016 Crankshaft Positioncamshaft Position, Bank 1

Chuck-Well, thereâ€™s no problem with the sensors themselves, as the ECM needs to be able to read both of them in order to check correlation. Basically, what this DTC is saying is that the timing is wrong, so itâ€™s seeing the signals, but theyâ€™re not coming in at the right time.

My Remote Car Starter Stopped Working! DONT PANIC!

At this time of the year, rarely a week goes by that we donâ€™t get a call from someone saying that their remote car starter stopped working. Nearly every call is â€¦

Which Rust Proofing Service Is Best? HowToSaveMoneyca

You might think rust proofing your vehicle is a waste of money. You might also think all vehicle rust protection services are created equal. You'd be wrong! There is proof that rust proofing works and there is a clear winner in terms of best protection.
